How the Strong Assessment Can Help

The Strong Interest Inventory® assessment is a powerful tool that can help you make satisfying decisions about career and education. Understanding results can help identify a career focus and begin the planning and exploration process.

Keep in mind that the Strong assessment measures interests, not skills or abilities. Results can help guide toward rewarding careers, work activities, education programs, and leisure activities—all based on interests.

How You Will Benefit

- Achieve satisfaction in your work
- Identify career options consistent with your interests
- Choose education and training relevant to your interests
- Determine your preferred learning environments
- Learn about your preferences for leadership, risk-taking, and teamwork

How Your Results Are Organized

Section 1: General Occupational Themes

Describes your interests in six broad areas: Realistic, Investigative, Artistic, Social, Enterprising, and Conventional.

Section 2: Basic Interest Scales

Identifies specific interest areas within the six themes, indicating areas likely to be most motivating.

Section 3: Personal Style Scales

Describes preferences related to work style, learning, leadership, risk-taking, and teamwork.

Section 4: Occupation Similarity Scores

Indicates the similarity of your interests to those of people who work in those occupations.

Section 5: Academic Major Similarity Scores

Indicates the similarity of your interests to those of people who pursue studies in those majors.

Note to professional: Response Summary data (response percentages, typicality index, omitted responses) will be added in a future update. If you have concerns about response consistency, contact your GoStrong administrator.

Personal Style Scales

The Personal Style Scales describe different ways of approaching people, learning, and leading. Each scale includes descriptions at both ends of a continuum — the score indicates preference for one style versus the other.

Preferences Summary

1. You likely prefer: Works Alone
2. You likely prefer: Academic / Classroom
3. You likely prefer: Leads by Doing
4. Balance of both orientations on: Risk Taking
5. You likely prefer: Individual Contributor

Score Guide

Clear Scores (Below 46 and above 54)

You indicated a clear preference for one style versus the other.
